

zs art invites to **PictoGraphs**

Angelika Kaufmann, Sabine Müller-Funk,
Drago Prelog, Antoni Tàpies, Emil Toman,
Eduardo Vega de Seoane

In "PictoGraphs" zs art thematises the identifying character that is specific to an individual's writing, drawing or painting. The presented works are thus distinguished by their written signs, imaginary glyphs and symbolisms – a language gesticulating on the picture plane. The works range from meditatively fluent to stormily eccentric, but each one is in itself strikingly poetic.

Opening: **Tuesday, 4/6/2019, 7.30 pm** (end 9.30 pm)
